Re: AQB Case No. KOL-31430-2001 (NOV)

Dear Mr. Krause:

In accordance with the Settlement Agreement and Stipulated Final Compliance Order (SASFCO) entered into by and between the New Mexico Environment Department (NMED) and Kolb Bioenergy NM I, LLC, the following requirements for termination of the SASFCO have been accomplished:

- With the receipt of the check #6091 dated March 21, 2023, for the amount of \$8,300.00, the civil penalty has been paid in full.

Kolb had, prior to the SASFCO, obtained the required NSR permit modification 4772M1, issued on April 22, 2020.

Thank you for your cooperation in resolving this matter. No further actions are required; NMED considers this action closed. If you have any questions or comments on this or any other issue, please feel free to contact me at (505) 629-8732.

Sincerely,

Teresa McDill
Enforcement Manager
Air Quality Bureau
