Dear Mr. Kennard,

In accordance with the Settlement Agreement and Stipulated Final Compliance Order (SASFCO) entered into by and between the New Mexico Environment Department (NMED) and Durango Midstream, LLC (Durango) the following requirements for termination of the SASFCO have been accomplished:

1. With the receipt of the ACH payment #9534 dated October 06, 2023, for the amount of \$34,320.00, the civil penalty has been paid in full.
2. Durango submitted the Annual Compliance Certification Reports to US Environmental Protection Agency as required in the Title V permit # P123-R2, on February 13, 2020, meeting all required corrective actions.

Thank you for your cooperation in resolving this matter. No further actions are required; NMED considers this action closed. If you have any questions or comments on this or any other issue, please feel free to contact me at (505) 629-8732.

Sincerely,

Teresa McDill
