NEW MEXICO WATER QUALITY CONTROL COMMISSION NOTICE OF PUBLIC HEARING TO AMEND WASTEWATER FACILITY CONSTRUCTION LOANS - 20.7.5 NMAC

The New Mexico Water Quality Control Commission ("WQCC") will hold a public hearing beginning at 9:00 a.m. on Tuesday, July 14, 2020, and continuing thereafter as necessary via the web application WebEx. This time-sensitive hearing is being held via WebEx due to restrictions currently in place by the Governor's Executive Orders and various emergency public health orders designed to protect the public and prevent the spread of COVID-19. The hearing location may change prior to the hearing date, and the WQCC may hold the hearing in person if circumstances allow. Even if the WQCC holds the hearing in person, the Commission Administrator will provide teleconference access to those wishing to participate without being at the hearing in person. Thus, those interested in attending should contact the WQCC administrator or visit the WQCC's website: <https://www.env.nm.gov/water-quality-control-commission/wqcc/> prior to the hearing for WebEx teleconference access or specific location information. The purpose of the hearing is to consider amendments to regulations governing Wastewater Facility Construction Loans found at 20.7.5 NMAC ("Rules").

The Wastewater Facility Construction Loan Act, NMSA 1978, Sections 74-6A-1 to -15 ("Act"), creates the Wastewater Facility Construction Loan Fund to provide low-cost financing for wastewater and storm water drainage projects that protect surface and ground water. The amendments would revise the definition of the base interest rate for wastewater facility construction loans found at 20.7.5.14 NMAC. The amendments would further allow the New Mexico Environment Department ("NMED") to establish other interest rates and conditions through policies to be reported annually to the WQCC.

NMED proposes that the WQCC adopt the amendments pursuant to its authority under the Act, specifically NMSA 1978, Section 74-6A-9. Please note that formatting and minor technical changes in the Rules, other than those proposed by NMED, may be proposed at the hearing. Additionally, the WQCC may make other changes as necessary in response to public comments and evidence presented at the hearing. The WQCC may deliberate and make a decision on the proposed amendments at the hearing.

The proposed amendments may be reviewed during regular business hours at the NMED Office of Public Facilitation located in the Harold Runnels Building, 1190 South St. Francis Drive, Room S-2102, Santa Fe, NM 87505 when public access is again available. The full text of the proposed amendments is also available online at <https://www.env.nm.gov/water-quality-control-commission/wqcc-20-07-r/>.

The hearing will be conducted in accordance with the WQCC Rulemaking Procedures (20.1.6 NMAC); the Wastewater Facility Construction Loan Act; the State Rules Act, NMSA 1978, Section 14-4-5.3; and other applicable procedures.

All interested persons will be given reasonable opportunity at the hearing to submit relevant evidence, data, views, and arguments, orally or in writing; to introduce exhibits; and to examine witnesses. Any person wishing to submit a non-technical written statement for the record in lieu of oral testimony must file such statement prior to the close of the hearing. Those wishing to present technical testimony must file a written notice of intent to do so with the Office of Public Facilitation on or before 5:00 p.m. on Monday, June 29, 2020. The notice of intent shall:

- Identify the person or entity for whom the witness(es) will testify;
- Identify each technical witness that the person intends to present and state the qualifications of the witness, including a description of his or her education and work background;
- Include a copy of the direct testimony of each technical witness in narrative form, and state the estimated duration of the direct oral testimony of that witness;
- Include the text of any recommended modifications to the proposed regulatory change; and
- List and attach all exhibits anticipated to be offered by that person at the hearing.

Notice of intent for the hearing must be received in the Office of Public Facilitation no later than 5:00 p.m. on Monday, June 29, 2020, and should reference the name of the regulation, the date of the hearing, and docket number WQCC 20-07(R). Notices of intent to present technical testimony shall be submitted to:
