Hi Loretta,

I have received the fax containing the summary for Q-3 and Q-4 for 2018. The SDDS calculations can easily be done using the attached spreadsheet by downloading a copy for each of the cells. The calculations are automatically done for you when you fill in the number of acres in cell, volume of septage discharged for each month.

Hello I just sent the fax of report. I'm putting the gallons in the Sdds but I don't know what else to do? I'm looking at Dr. Mansker last Sdds so I'll do my best.
