

Notice of Correction

New Mexico Environment Department

July 30, 2024

To whom it may concern,

An error is present in the following three documents published by NMED on the Clean Transportation Fuel Standard (CTFS) webpage <<https://www.env.nm.gov/climate-change-bureau/clean-fuel-standard/>> on July 26, 2024:

1. [Clean Transportation Fuel Standard Advisory Committee Technical Report](#), p. 112, 141
2. [June 28, 2024, CTFS Advisory Committee Meeting Minutes](#), p. 1
3. [July 12, 2024, CTFS Advisory Committee Meeting Minutes](#), p. 1

Whereas the title of each of the pages cited above reads “DRAFT MEETING MINUTES (SUBJECT TO APPROVAL)”, the meeting minutes in question were in fact unanimously approved by the Advisory Committee and signed by the Committee Chair on July 26th, 2024. The words “DRAFT” and “(SUBJECT TO APPROVAL)” should be removed, such that the title for each page reads simply “MEETING MINUTES”.

Agreed upon and approved by:
