Statement of Compliance with 40 CFR 503 Regulations

This statement is to confirm that, to the best of our knowledge, S&R Septic is in compliance with the requirements of Federal Regulation 40 CFR 503.(handling of wastewater sludge materials) S&R is not required to report to US EPA or other Federal regulatory entities regarding disposal of such sludge wastes at their facility located on Tune Drive, Taos, New Mexico.

On behalf of S&R Septic:

ADS 3010
