

NOTICE OF SUBMISSION OF FINAL REMEDIATION PLAN

Dates of Notice: June 22, 2022; June 29, 2022

Notice is hereby given by the Petroleum Storage Tank Bureau (PSTB) of the New Mexico Environment Department (NMED) of the submission of a Final Remediation Plan, as follows:

1. The Remediation Plan proposes actions to remediate a release of petroleum products into the environment.
2. The release occurred at: Barelas Bridge State Lead Site (the Site), 800 Bridge Boulevard SW, Albuquerque, New Mexico. The remediation equipment will be located at this address.
3. The Remediation Plan proposes corrective action consisting of the injection of Regensis Petrofix to remediate the residual petroleum contaminated groundwater. Regensis PetroFix is a “trap-and-treat” technology which is an activated carbon that will remove hydrocarbons from the dissolved phase by absorbing them onto activated carbon particles resulting in hydrocarbon biodegradation. The remediation goal is to decrease naphthalene concentrations to below NMWQCC standards eventually leading to a “No Further Action” status.
4. A copy of the Remediation Plan, including all data and modeling related to the Remediation Plan, can be viewed by interested parties at the NMED PSTB Santa Fe office, 2905 Rodeo Park Dr. East, Bldg 1, Santa Fe, NM, 87505, and at the Albuquerque field office at the address below. Due to policies in place in response to the COVID- 19 pandemic, arrangements must be made 48 hours in advance for an in-person review of the Remediation Plan. Please contact the NMED PSTB project manager, Corey Jarrett, by telephone at 505-372-8335 or by email at corey.jarrett@state.nm.us to schedule a time during normal business hours. In addition, the Remediation Plan and all applicable data may be viewed at the following website: <https://cloud.env.nm.gov/waste?c=2473&k=a28ee6a371>
5. Services may be arranged for translation of documents, for interpreters, and for obtaining services for persons with disabilities by contacting the NMED PSTB Project Manager. TDD or TTY users, please access phone numbers using the New Mexico Relay Network, 1 (800) 659-1779 (voice) and 1 (800) 659-8331 (TTY users).
6. Comments on the plan may be sent to the PSTB Project Manager, Corey Jarrett, by email to corey.jarrett@state.nm.us, by telephone at 505-372-8335, or at the following address: New Mexico Environment Department, Petroleum Storage Tank Bureau, 121 Tijeras Ave NE, Suite 1000, Albuquerque, NM 87102. Comments sent to the project manager must also be mailed to the New Mexico Environment Department Secretary, Attn: Secretary Kenney, P.O. Box 5469, Santa Fe, New Mexico 87502-5469. Please include the name of the site, “Barelas Bridge State Lead Site,” to ensure comments are correctly assigned to the site.
7. Comments must be received on or before July 20, 2022.
