Limited English Proficiency (LEP) Services Evaluation

Air Quality Bureau Air Permit Application

Version P07.22.24

Date: March 26, 2026

Applicant: Delaware G&P, LLC

Facility Name: Red Raider Compressor Station

Air Quality Permit Application Number: P304

Location: The facility is located approximately 13.05 miles southeast of Loving, in Eddy County, New Mexico.

Latitude: 32.130794

Longitude: -103.968664

Factor 1 – Number and Proportion of LEP Individuals in the Community:

- A. Total Number of Limited English-Speaking Households: 1 Proportion: 12%
- B. Historical participation: The Bureau does not have records indicating any participation by LEP individuals or any member of the public regarding this facility.

Factor 2 – Frequency with Which LEP Individuals Come in Contact with the Program (Frequent, Occasional, Not Frequent):

There is no record of frequent or any contact with LEP individuals regarding this facility.

Factor 3 – Nature and Importance of the Activity (Moderately Important, Important, Very Important):

Important. Permits cannot be issued in accordance with 20.2.70 NMAC unless they demonstrate compliance with all state and federal regulations, including health-based New Mexico and National Ambient Air Quality Standards. This requirement protects the health of the residents in the vicinity of this facility.

Bureau regulations require that final action must be taken on this permit application no later than 18 months after the application has been ruled complete.

The Oil and Gas Industry constitutes a significant source of revenue for the State. Permitting facilities that are demonstrated to be in compliance with state and federal regulations encourages responsible economic development for New Mexico.

Factor 4 – Resources Available to NMED and Associated Costs:

- A. Costs associated with translation: \$300
 Costs associated with providing a translator: \$1000-3000 depending on the length of the proceeding
 Costs associated with hosting a public hearing: \$1500-3000
 Costs for a court reporter: \$2000
- B. The Department staff includes a Spanish translator and the Department has call in translation services available.

The Bureau has reviewed the above four factors. This Title V permit action is a renewal that incorporates an already issued construction permit 9897M1 and 9897M1R1. Given the importance of this project, the limited involvement of LEP individuals or any member of the public regarding this facility in the past, and considering the current public notice already contains a paragraph in Spanish regarding how to speak with

Permit Application No: P304

LEP Services Evaluation
