

# Utah Air Quality Regulatory Landscape

Becky Close, Utah DAQ Policy Manager

# What Makes UT Different?

# — What Really Makes UT Different?

# Self Sufficiency

Uinta Basin produces all gasoline for Utah

Largest producer of magnesium in North America

---

# Drought

50%  
Water  
Reduction

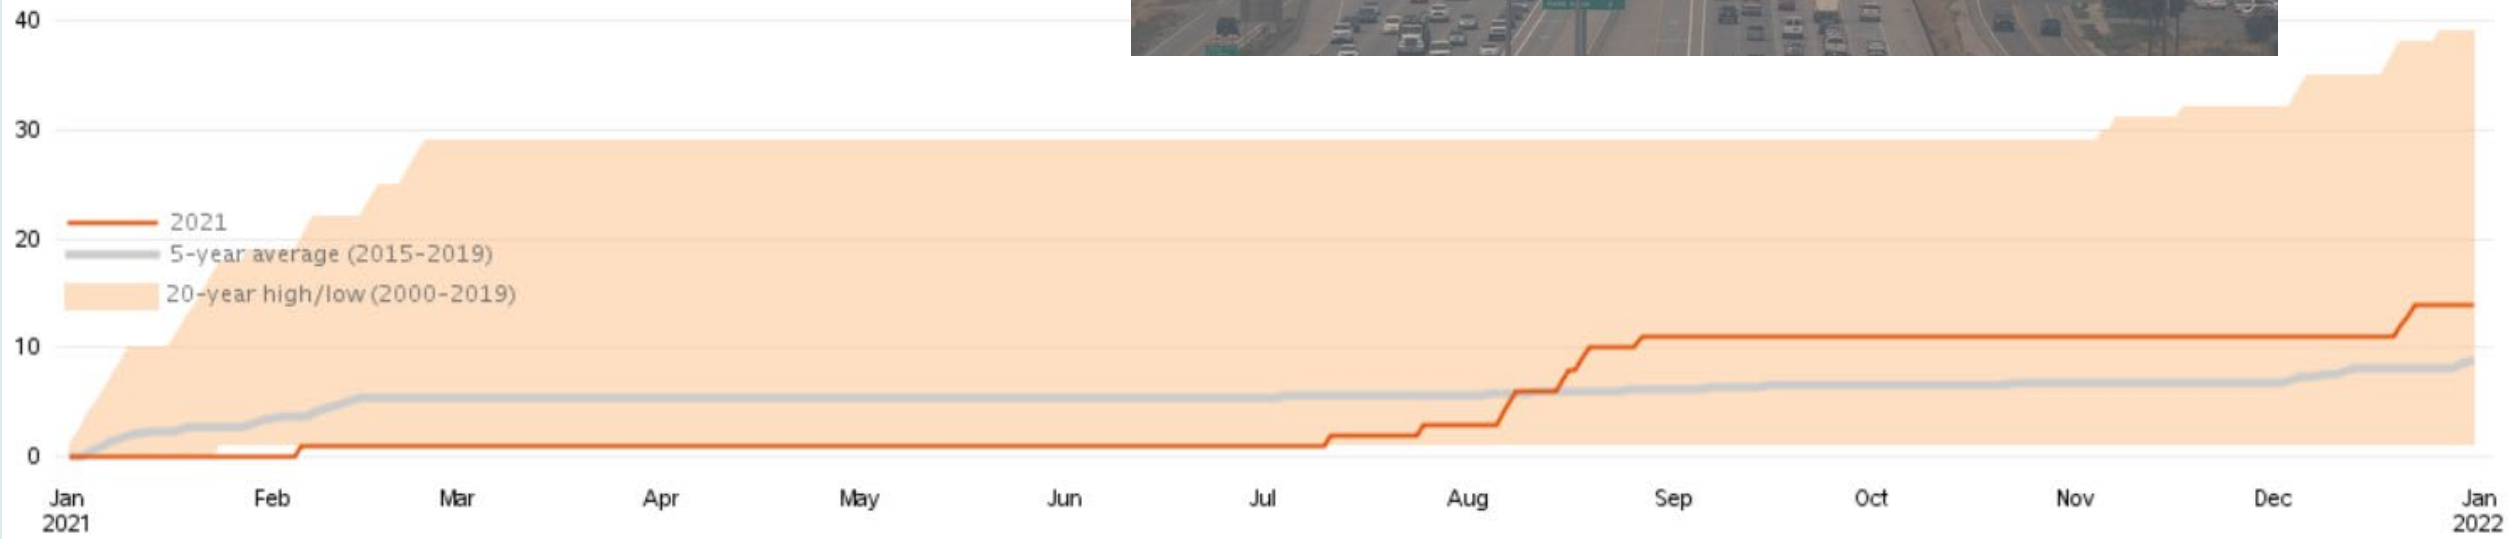

700  
Square  
Miles  
Exposed

>2MM  
People  
Affected

# Wildfire

Cumulative Number of PM2.5 AQI Days >100  
Salt Lake City, UT

Generated: September 17, 2022

# Ozone Planning

Northern Wasatch  
Front Moderate SIP

Southern Wasatch  
Front & Uinta Basin  
stay at marginal

# Environmental Justice

## UDEQ EJ Committee

- Utah-specific EJ mapping tool
- Created framework
- Work on public outreach
- Next steps?

# Thank you
