Water Conservation Fund Annual List of Contaminants for Calendar Year 2026

October 15, 2025

Pursuant to NMSA 1978, Section 74-1-13(G) the New Mexico Environment Department (NMED) shall compile a list every twelve months to include the contaminants that State samplers will collect, and the analyses being paid for by the fund.

The NMED Drinking Water Bureau has developed the following list of the contaminants that will be collected and paid by the Water Conservation Fund (WCF) from January 1, 2026 to December 31, 2026.

<u>Individual Parameters</u>	<u>Synthetic Organic Compounds</u>	<u>Volatile Organic Compounds</u>	<u>Heavy Metals</u>
Bromate	2,4-D	1,1-dichloroethylene	Aluminum
Bromide	2,4,5-TP	1,1,1-trichloroethane	Antimony
Chloride	2,3,7,8-TCDD (dioxin)	1,1,2-trichloroethane	Arsenic
Chlorine dioxide	Alachlor	1,2-dichloroethane	Barium
Chloramine	Aldicarb	1,2-dichloropropane	Beryllium
Color	Aldicarb sulfone	1,2,4-trichlorobenzene	Cadmium
Cyanide	Aldicarb sulfoxide	Benzene	Chromium
Fluoride	Atrazine	Carbon tetrachloride	Copper
Foaming agents	Benzo(a)pyrene	Chlorobenzene	Iron
Hardness, total	Carbofuran	Cis-1,2-dichloroethylene	Lead**
Nitrite	Chlordane	Dichloromethane	Magnesium
Nitrate + nitrite	Dalapon	Ethylbenzene	Manganese
Odor	DBCP (1,2-dibromo-3-chloropropane)	Ethylene dibromide	Mercury
Potassium	Di(ethylhexyl)-adipate	o-dichlorobenzene	Nickel
Sulfate	Di(ethylhexyl)-phthalate	p-dichlorobenzene	Selenium
TDS	Dinoseb	Styrene	Silver
Total organic carbon*	Diquat	Tetrachloroethylene	Sodium
Specific UV ABS*	EDB (ethylene dibromide)	Toluene	Thallium
	Endothall	Trans-1,2-dichloroethylene	Zinc
<u>Radiological</u>	Endrin Heptachlor	Trichloroethylene	
Gross Alpha/Beta	Glyphosate	Vinyl chloride	<u>Microbiological</u>
Radium 226	Heptachlor epoxide	Xylenes, total	Total Coliform*
Radium 228	Hexachlorobenzene	DBPs*	E. coli*
Strontium	Hexachlorocyclopentadiene	Total Trihalomethanes (TTHM)	TC/EC enumeration*
Tritium	Lindane	Haloacetic Acids (HAA5)	Cryptosporidium
Uranium 234 & 238	Methoxychlor		Giardia
Uranium (combined)	Oxamyl		
	Pentachlorophenol		
	Polychlorinated biphenyls (PCBs)		
	Picloram		
	Simazine		

*These contaminants are normally sampled by the water system and submitted by the system to the laboratory

**This excludes the "Lead in Schools and Child Care Facilities Program" which is covered by a separate funding source.
