Commenter	Comment	NMED Response	Change to STP?
Jason Andersen	I support the intent to approve. Thank you for staying on top of the government's responsibility to properly handle these waste streams in a safe and timely manner.	Your comment has been noted, thank you.	Not Applicable
Abe Brown	LANL should be barred from operating in the State of New Mexico. New Mexicans have already been harmed enough by LANL and its operations.	Your comment has been noted, thank you.	Not Applicable
