**RE: FEE ASSESSMENT
CLASS 1 PERMIT MODIFICATION WITHOUT PRIOR NMED APPROVAL
WHITE SANDS MISSILE RANGE, NEW MEXICO
EPA ID #NM 2750211235
HWB-WSMR-26-001**

Dear Mr. Knight,

The New Mexico Environment Department (NMED) has completed review of White Sands Missile Range (Permittee) Class 1 Permit Modification request (without prior approval) to the June 2025 RCRA Hazardous Waste Permit. The cover letter is dated February 19, 2026. NMED received the request on February 26, 2026.

The Permittee explained the purpose of the request is to correct the units of measure codes used in Sections 6 and 7 of the EPA Part A Permit Application. Details of the proposed changes to the Part A Permit Application are described below in the following bulleted items:

- EPA HAZARDOUS WASTE PERMIT PART A FORM, Item 6 Process Codes and Design Capacities on page 2 of 5. The process amount is updated to "13200" and the Unit of Measure is updated to "G" for gallons.
- EPA HAZARDOUS WASTE PERMIT PART A FORM, Item 7 Description of Hazardous Wastes on pages 2 through 5. The values of the Estimated Annual QTY of Waste for each individual waste line are updated in accordance with "G" for gallon.

Following review of the permit modification request, the NMED determined that that proposed changes are collectively a Class 1 Permit Modification not requiring prior approval from NMED, pursuant to 40 CFR §270.42(a)(i), as specified in Appendix I to 40 CFR §270.42(a)(i). The requested Permit Modification is being incorporated in the Permit.

Mr. Knight
March 18, 2026
Page 2

Since the Permit Modification is a self-implementing change that does not require approval from NMED, the Permittee must, pursuant to 40 CFR 270.42(a)(ii), send out a notice of the Permit modification to all persons on the Facility mailing list. This notification must be made within 90 calendar days after the change is put into effect.

The Permittee must also incorporate the enclosed 5 pages of the updated Part A Permit Application into the appropriate section of the June 2025 RCRA Permit upon receipt of this letter.

Further, the New Mexico Hazardous Waste Management Fee Regulations 20.4.2 NMAC require assessment of fees when administrative review of a document is complete. NMED has attached an invoice to this letter.

Payment is due within sixty (60) calendar days from the date that you receive the invoice in accordance with 20.4.2.301.C NMAC. Should the Permittee need to request an extension of the sixty-day period, the request must be submitted at least seven (7) days prior to the end of the sixty-day period. Should the Permittee disagree with the assessed fee, the Permittee may notify the NMED in writing, at the address above, of the intent to appeal the invoice under the provisions of 20.4.2.302.A NMAC.

If payment is by check, then you must provide the invoice number on the check. If payment is transmitted electronically, then you must submit a letter to Ms. Vanessa Baros, NMED Hazardous Waste Bureau, indicating the invoice number, payment amount, and the assessed activity prior to transferring funds.

If you have any questions regarding this letter, please contact Shaen Guang at (505) 490-5377.

Sincerely,

JohnDavid Nance

8. Map

Attach to this application a topographical map, or other equivalent map, of the area extending to at least one mile beyond property boundaries. The map must show the outline of the facility, the location of each of its existing intake and discharge structures, each of its hazardous waste treatment, storage, or disposal facilities, and each well where it injects fluids underground. Include all spring, rivers, and other surface water bodies in this map area. See instructions for precise requirements.

9. Facility Drawing

All existing facilities must include a scale drawing of the facility. See instructions for more detail.

10. Photographs

All existing facilities must include photographs (aerial or ground-level) that clearly delineate all existing structures; existing storage, treatment, and disposal areas; and sites of future storage, treatment, or disposal areas. See instructions for more detail.

11. Comments

Items 8, 9 and 10 are included in this permit application.
