Facility Name: Village of Melrose Wastewater Treatment Facility

Facility Location: The facility is located approximately 3/4 mile east of NM 267 & CR 11, approximately 1 mile south of Melrose, in Section 7, Township 2 North, Range 32 East

County: Curry

Responsible Party: Barry W. Green, Mayor
Village of Melrose
P. O. Box 235
Melrose, NM 88124

Agency: Ground Water Quality Bureau
Pollution Prevention Section

GWQB Action: Permitting - Renewal
DP-808

Bureau Contact: Ron Strauch
(505) 827-1046
Ron.Strauch@state.nm.gov

Main bureau telephone number: (505) 827-2900

EFFECTIVE DATE: December 7, 2018

REVISION DATE: N/A

/s/Michelle Hunter

Michelle Hunter
Chief, Ground Water Quality Bureau
Element 1 – Public Involvement Plan (PIP) Overview

The New Mexico Environment Department (NMED or Department), Ground Water Quality Bureau (Bureau) has developed this PIP for the application for discharge permit renewal for the Village of Melrose Wastewater Treatment Facility. The groundwater discharge permit for this facility is referred to as DP-808.

The purpose of this PIP is to plan for providing public participation opportunities and information that may be needed for the community to participate in the permitting process for this facility. This PIP identifies information about the community and resources needed by the Bureau to incorporate community participation activities into the decision-making process. This PIP is developed in accordance with the Department’s Public Participation Policy (Policy 07-13 or Policy), and incorporates the requirements of the Policy, as well as applicable regulatory and statutory public participation requirements.

This PIP implements the “elements” set forth in the Policy. Those elements include:

1. An overview of the Public Involvement Plan for the community affected by the activity
2. Bureau contact names and contact information, specifically for Limited English Proficiency (LEP) language assistance services (e.g., translation, interpreters) or for disability accommodations
3. A summary of the regulatory public participation framework associated with discharge permits
4. A description of community/stakeholder groups based on results of a preliminary environmental justice (EJ) screening
5. Details about planned public outreach activities

In developing this PIP, community participation needs were assessed to ensure appropriate public outreach. This was accomplished by identifying whether there is a combination of environmental and demographic factors that may impact public participation (e.g., low income community, minority community, LEP individuals, linguistically isolated households).

Public involvement associated with discharge permits occurs at different stages and in different forms. Public involvement activities required by statute or regulation are mandatory and subject to statutory or regulatory deadlines. Mandatory public involvement activities and associated time requirements relevant to this PIP are noted in the Table of Mandated Public Involvement Activities at the end of this PIP.

The Bureau plans to conduct the public involvement activities related to the permitting process outlined in the Table of Public Involvement Activities below. The activity timeline and dates are tentative and subject to change.
Table of Public Involvement Activities

<table>
<thead>
<tr>
<th>Activity</th>
<th>Date</th>
</tr>
</thead>
</table>
| **Application Notice (PN-1)**  
See *Table of Mandated Public Involvement Activities* at the end of this PIP for details. | October 2018 |
| **Placement of a hardcopy of the PIP** in the local field office:  
Clovis NMED Office  
100 E. Manana, Unit 3  
Clovis, NM 88101  
Phone (575) 762-3728 | December 2018 (anticipated) |
| **Notice of availability of draft permit (PN-2)**  
See *Table of Mandated Public Involvement Activities*. | Within 60 days of determining the application is technically complete.  
Date to be determined. |

All notices for upcoming meetings or hearings will include a statement that any person who requires assistance, an interpreter, or an auxiliary aid to participate in the process may contact a specifically identified Department person to request those services. Requested interpretation services during the meeting and accommodations or services for persons with disabilities will be arranged to the extent possible.

This PIP is a “living” document that may be amended for numerous reasons, including the consideration of public comments and feedback.

**Element 2 – Bureau Contact Information**

**PIP Specific Contacts**

The Bureau contact for this discharge permit is:
Ron Strauch, Environmental Scientist  
NMED Ground Water Quality Bureau  
P.O. Box 5469  
Santa Fe, New Mexico 87502-5469  
(505) 827-1046  
Ron.strauch@state.nm.us
Non-English Language Speaker Assistance.

All public notices will contain a statement that non-English speakers may call the Bureau contact listed above and request language assistance in order to learn more about this permit or the permitting process. Arrangements may be made for document translation or interpretation related to the permitting process as necessary and as resources allow.

Individuals with Disabilities Assistance

All public notices will contain a statement that disabled individuals may call the Bureau contact listed above and request assistance needed to participate in activities associated with the permitting process.

The following information will be provided in public notices so that hearing-impaired callers can contact the Bureau and ask questions about the activity or proceeding: Toll-free numbers are available for TDD or TTY users to access the New Mexico Relay network (for deaf or hearing-impaired callers), 1-800-659-1779; TTY users: 1-800-659-8331.

Websites

Outreach materials and notices will include links to the following website, where the Bureau’s public notices and PIP information are posted:

Element 3 – Regulatory Framework for Public Participation Related to the Permitting Process

The public participation regulatory framework associated with the permitting process is identified in the Table of Mandated Public Involvement Activities at the end of this PIP. The Table identifies activities subject to statutory or regulatory deadlines, the associated regulatory requirements, and the associated dates or time periods.

Element 4 – Description of Community/Stakeholder Groups Based on the EJSCREEN

EJSCREEN Summary

To provide for adequate public participation opportunities and meaningful involvement of persons in the permitting process, the affected communities must first be identified, informed about proposed environmental actions affecting the community, and invited to share their comments and concerns. The EJSCREEN tool developed by the U.S. Environmental Protection Agency (EPA) helps identify communities that are low income, have minority populations, and have limited English proficiency that may benefit from a variety of approaches for notification and outreach communication. This information is used to help plan for the community’s involvement in the public process for environmental activities or actions. In addition to the EJSCREEN results, the
Bureau may consider additional information such as the U.S. Census Bureau website or NMED’s EJ Mapping Tool.

The Bureau considers the affected community to be those persons living within a 4-mile radius of the discharge site. The results of the EJSCREEN American Community Survey (ACS) Summary Report (attached to this PIP) are summarized in the table below.

**EJSCREEN Results for the Affected Community**

<tr>
<td>Per capita income, USA**</td>
<td>$29,979</td>
</tr>
</tbody>
</table>

The EJSCREEN results indicate that for the affected community the proportion of the population over the age of five that speaks English “less than very well” is less than five percent. Public outreach will be conducted in accordance with the *Table of Mandated Public Involvement Activities* at the end of this PIP.

**Element 5 – Detailed Actions and Outreach Activities with the Affected Public**

Public involvement activities required by statute or regulation for this permitting action are listed in the *Table of Mandated Public Involvement Activities* at the end of this document.

**Public Participation – Outreach Activities**

The Bureau will conduct the following outreach activities during this permitting process:

- Placement of this PIP on the Bureau website and in nearby NMED field office
- Postal mailing and email notices
- Newspaper notices
- Notice posted on NMED website

Newspapers utilized in the notification process include:

- Statewide circulation: Albuquerque Journal
- Local circulation: Eastern New Mexico News - Curry County

Local, state, and federal government agencies, tribal entities, and land grant officials will be notified about the permitting process. A list of the agencies and officials notified can be provided upon request.

Indian Tribes, Pueblos and Nations will be notified about the permitting action through the contacts maintained by the Indian Affairs Department at the following URLs:

- [http://www.iad.state.nm.us/apaches.html](http://www.iad.state.nm.us/apaches.html)
- [http://www.iad.state.nm.us/navajo.html](http://www.iad.state.nm.us/navajo.html)
- [http://www.iad.state.nm.us/pueblos.html](http://www.iad.state.nm.us/pueblos.html)

**Postal Mailing or E-Mailing of Notices to Persons on the Facility-Specific Mailing List**

The Bureau solicits the names and contact information of interested parties with all public notices. The Bureau maintains those names on a Facility-Specific Mailing List and provides the individuals with information about regulatory activities for the facility. Individuals, organizations, and other interested parties are added to the mailing list as requested. All public notices will contain a statement directing interested individuals to contact the Bureau contact for this permit if they want to be added to the facility specific mailing list.

Other means of outreach such as fliers announcing public comment periods and/or public meetings or hearings may be posted in locations throughout the community (e.g., local businesses, schools,
libraries) and on the Department’s website, at the Bureau’s discretion after consideration of public interest and input.
